"You know the truth."
"Where are you?"
"You could call it the end of the world.."

You fucking parasite
Feeding off my voice like a leech
Sucking me dry
Use your head
Hope you're gagging in your throat
Hope you gag and choke
Your pale little face turning blue

If you want it in your ass as I spit in your face
Face down on the floor holding you by your neck
Do you feel like a wreck?
Well that's life, kiddo
Now shut up and swallow
Shut up and swallow

You'll get nothing for free
Don't try to suck it off me
You always take you what you want
Now I just take what is mine
I'll give you abstinence
You tell of life..
It's up to you to fill it with substance

I'll play your game
A lesson of life: It's not what you want, but what you get
You'll feel it from within as I work my way out
Such a pretty girl, but such a dirty mouth

Now you want it in your ass as I spit in your face
Face down on the floor, holding you by your neck
Do you feel like a wreck?
Well that is life, kiddo
Now shut up and swallow
Shut up and swallow

"Where are you?"
"You could call it the end of the world."
