[Intro:]

Breakthrough... the sound  
Breakthrough... the sound

I casually walk towards the door,  
I picture fragments on the floor  
I try to explain to us all  
What the meanings on the wall  
I take a moment to look in  
I feel my soul is running thin  
I try to explain to myself  
That I never needed help  
But I know it's not too late  
To relapse to create  
I see the pain that's inside  
Well I'm feeling it out when all I want is to hide...

[Chorus:]

Vacant as we stand, it's alright...  
To pack all my bags tonight  
This is all I have, it's alright...  
Comfort for change gets me by

My senses coming over me,  
I get a push from what's beneath  
Many mistakes from before,  
Not a thing to be ignored  
I feel I'm running out of time  
To make my mind up and be fine  
But I know it's all okay,  
I felt a smile yesterday  
The sickness filling up my eyes,  
I don't think I've heard these cries  
I see the pain that's inside  
Well I'm feeling it out and all I want is to hide...

[Chorus]

This is my sacrifice... tonight  
Pull the wool from my eyes... Tonight  
Surprised you go through life... despite  
All of these lies

[Slow:]  
Vacant as we stand, it's alright  
To pack all my bags tonight  
This is all I have, it's alright  
Comfort for change gets me by...

[Chorus]

[Breakdown]

Breakthrough... the sound  
Breakthrough... the sound
