I fell asleep today, it rained all afternoon

The apartment felt too small, I take up too much room
The night has worn away but she hasn't disappeared
I wanted to say good-bye, but the lonely gray of privacy
abounds

Like the kings of ancient times

The light has struck, opened our eyes

And what we saw, the glory of our life unfolds before
us

At the edge of all our dreams, nothing is the way it
seems we used to be

As history wipes clean the slate that sits....in our eyes
In our eyes

I fell asleep today, it rained all afternoon

The apartment felt too small, I take up too much room

The night has worn away but she hasn't disappeared

I want to say, I want to say, I want to say goodbye

And you, you'll always be my friend (I fell asleep today,
it rained all afternoon)

I never wanted this to end and now it has (The
apartment felt too small, I take up too much room)

(The night has worn away but she hasn't disappeared)

Forgetfulness will dry the tears that fall....from our eyes

(I want to say, I want to say, I want to say goodbye)

From our eyes

From our eyes
