Yeah, wanna feel the vibe  
Wanna feel the vibe, wanna feel the vibe  
Uhh, wanna, what? Yeah  
Wanna, what? Uhh, yeah  
(Come on)  
Everybod', c'mon, uhh  
Yo, yo  
(All night long)

Durin' divine hours, I use mind power to refine  
[Unverified] girls, and make 'em feel like black pearls  
Get they minds off acrylic nails and the rap world  
It's a lot you can find in the lost, black girl  
Made signs built in lodges, we be in garages  
Discussin' who we boned and who God is  
Pro-black like Craig Hodges with my dashikis in the  
cleaners  
I kick it for the Chevy, ridin' head to backstreet leaners

All  
(Uhh)  
Night  
(Yea, yea, what?)  
Hah  
All  
(Huh, uhh)  
Night  
(Whatcha say now, Bee, what?)

All  
(Yeah, yeah, yeah)  
Night  
Aow, Aow, oww  
(To freak it with the)  
All  
(Now let me get a piece of this)  
(Let me get a piece, Bee)  
Night

Check it, check it  
I was born underwater with three dollars and a cocktail  
Tryin' to make the Garden of Eden, out of Auckdale

and Rockwell  
Lock'd in this grid like a Tupac tale  
While her-on rock smells make the cops tail  
My third eye is my rail, on this L of thought  
With Afrocentric stamps I'm mailin' thoughts  
To my Gods held in court

I dwell where rebellion's taught, and emotions seldom  
walk  
I try to 'Walk Like An Egyptian', but hieroglyphics fail to  
talk  
I guess the hustlin' is the unspoken Gospel  
Love that I'm an apostle, feel the holy spirit of Chicago  
E Bottom, here's the bottle  
I think I need a cup of a tea, because I'm novel  
(Come on bay-bay)  
Bust it

I jus' wanna rock you  
All night long  
All  
(Come on bay-bay)  
All night long, all night long  
All night long, on and on and on and on  
(Come on bay-bay)

I jus' wanna rock you  
(All night long)  
All night long  
(All night long)  
All  
(On and on and on and on)  
Hah, uh huh

I  
(All night long)  
Jus' wanna rock you  
(All night long)  
All night long  
(All night long)  
What? Yo-yo, yo-yo yo-yo check it, check it  
On and on and on and on

A portrait of the Artist, formerly known as Sense  
The brain-wash, with my vocal tones I rinses  
Opportunity and the beat knocks  
Women, give me rhythm like beatbox  
But it's the year of completion  
I want a Queen to complete Rash'

Who's flavored from stacks to Reeboks

Send blessings to the family of Ice Mike  
Shit like that, don't help me write, right, but I got  
[unverified]  
Like a destruction worker, when it's time to build  
Get off like Sam Jack' and it's 'Time To Kill'  
In perseverance I'ma find a meal and provoke  
My gramps used to trick off big papers at the riverboat  
It go

All night, all night  
All night, you got it goin' all night  
All night, y'know, y'know it all night  
All night, oah, ahh, hoah, hoh  
(Yea, yeah)

I jus' wanna rock you  
(One more time)  
All night long, oah hoh  
(Ebb in feelings)  
I jus' wanna rock you  
(I ain't sleeping)  
All night long  
(All night long)  
On and on and on and on

Check it, I walk downtown to tempos and never lose the  
beat  
Some people got ignorance confused with bein' street  
On the street of desire, my body and soul meet  
Arguin' over thick breads and meals with no meat  
Had the cold feet for a second  
Mega-niggaz in my box throwin' suggestions  
Had me checkin' myself and double checkin', I popped  
the 'Resurrection'  
In the mirror I only heard my reflection

Let me hold mics, while you hold dicks and CD  
collections  
And at MusicLand and Coop's, we can make  
connections  
I meditate with confidence, to not chomp on cents  
Outspoken like 30's but yet I guard my lips writin'  
niggaz with stripes  
I hold posture with poppin' shit to fat breads  
Wearin' ostrich, givin' 'em voice mail  
Tracks are like County to them I voice [unverified]  
If you believe in Heaven, why is the choice Hell?  
Why is this choice Hell? Why is this choice Hell?

I jus' wanna rock you  
All night long, ohh, ohh

(Keep goin')  
I jus' wanna rock you  
(Keep goin', keep goin', keep on)  
(And don't you give up)  
All night long  
(Ah, keep on, ah, keep on)  
Ohh, ohh  
(Ah keep on, ah, keep, ah, don't you give up)

I  
(All night long)  
Jus' wanna rock you  
(All night long)  
All night long  
(If you want it, you can have it, lay upon my rest)  
On and on and on and on  
(Keep it goin' baby)  
(If you want it, you can have it, lay upon my rest)

I jus' wanna rock you  
(All night long)  
All night long  
(If you want it, you can have it, lay upon my rest)  
(All night long)  
On and on and on and on

All  
(If you want it, you can have it, lay upon my rest)  
Night  
All  
(If you want it, you can have it, lay upon my rest)  
Night  
All night  
All night

All  
(Don't stop now)  
Night  
(No, no, no, no, uh, uh)  
All  
(You bet' not stop)  
Night  
All night

Yeah, Common Sense and Badu
