"Baby I'm Selfish"  
Common feat. Kanye West

[Chorus: Common]  
I'm callin' (baby i'm selfish)  
Out to (I want you to myself I can't help it)  
All my (baby i'm selfish)  
Your my ladies and  
I can't (baby i'm selfish)  
Let you (I want you to myself I can't help it)  
Be with (yeah), no one (yeah)  
But me baby

[Verse 1: Common]  
To all my thick chicks down in Texas  
All the way to New Orleans where the girls cook catfish  
And in L.A. every chicks an actress.  
Hollywood stasis with the shaded glasses  
To Detroit, yeah the place that I rest  
Where the ladies got asses and la la #@\*!  
And Hot'lanta yall is one of the best  
Where they speak southern slang and smoke lases  
And New York women are way too fresh  
Too much on ya mind let me ease that stress  
I wish you all were mine it's so selfish  
Maybe i'm feelin' myself too much I guess.  
To my ladies all across the globe  
In small towns that I don't even know  
To all local and international codes  
Whether you see me in streets or catch me at shows

[Chorus]

[Verse 2: Kanye West]  
And don't be tryna come around my girl  
Actin' like Mr. Friendly  
And steal the spot light like Mr. Bently  
I spotted her like soil Mckenzie  
And for them fake boobies I paid them bengiez  
Get your own ??  
I got Paris, he got Nickie  
He tried to get him a clone

He said "Yeah, you know you got extra hoes."  
And everything you do is extra cold  
From the Polo fleece, to the Jesus piece  
I got family in high places like Jesus niece  
Can I please say my peace  
If you fresh to death and i'm deceased  
And this one here is a heat rock  
Spit like the beat-box  
The way the beat rock  
New version of Pete Rock  
Before that Benz I got CL love  
I switch my girls around like 3LW  
I'm callin'

[Chorus]

[Verse 3: Common]

What up Pam, how ya lil' man doin' in New Jersey  
Last I heard he caught the flu and you was worried  
Hope he feels better and thanks Jonetta from Cleveland  
For that good head in your Jetta, better believe it  
Shanise, you my peace from Compton  
Before i'm off the plane make sure you cop some trees  
to spark up  
Daniel ATL, got them pictures in the mail  
You sent it with a kiss and you ceiled it with Chanel  
You look good in that one showing off your body  
Had a Beverly Hills mami that would buy me Cardi  
Take you to after parties her name was Kari  
And it sucks that we didn't keep in touch i'm sorry  
But, hey Kim hows Mineapolis  
You so pretty hate to ?? your ass for silly classes  
Cuz I love you girlz, though you ain't mine  
I wish my arms was long enough to hug you all at the  
same time

[Chorus 2x's]
