Fly love
Say what (x6)

(Common)
I don't stress it baby
They say you got me dressin crazy
Eatin veggies when serve sex the medium
And if we break up
Imam eat meat again
I feel complete with you
Shit, I held up size up the street for you
In the street people ask about me and you
I tell them we go through what most people do
Yes, let go of fear love
We can grow as long as my beard does
You push me way in the way you supposed to
Queen you're the one I come close to

(Chorus)
Come close to me
Come close baby
Come close ma'
Baby baby
Let me hold you love
Come closer love
