Kanye West)  
Hey baby, am I crazy?  
Or were you giving me the eye?  
You said maybe  
Well, you crazy  
Because I know I'm to fly  
Already know I'm too fly  
Already know I'm too fly  
Already know I'm too fly  
Yea, I know what ya like

(Common)  
Right now I'm off the wine  
We can take our time, (time)  
So much I want to punch  
Sell the bump when we grind  
My uh is in your body  
My uh is in your mind  
Check my dictionary  
That ass is so divine  
It's slippery when it's when girl  
I can read your signs  
I knocked and I knocked, uh  
Can I come inside?  
I knocked and I knocked girl,  
Can I come inside  
I feel like it's home  
When I'm in between your thighs  
It's the joy and the pain and the bites and the brain  
What make ya feel so good that type of stuff you can't  
explain  
I do what I do to do to make it rain  
You got the invite tonight and I'm so glad you came  
Cuz you the type of dame  
To be game and yo  
Mic check like the way I begin my show  
Girl I come from Chica so N I go (likes that!!lol)  
Turn around it's about to be a TKO
