I'm just tryin' to motivate ya
Electricity is definitely there

You're the type a thing that I came here for
What's your name? I can't hear y'all
Will it be alright if I called you Sugar?

You can call me Smoky, I'll be the bear
The smell is sexy, it's all in the air
What you got, girl, that's so unfair?
I like the way you move so keep it right there

Or you can do what's you wanna do
I'm just glad I am a funk with you
But I don't mind be again butt high
'Cause I'm a touch you where the sun don't shine

Got my hand on my money while you on the ground
And do with you 'cause you so fine
And when you're wine, it's ginger wine
Get all my finen and we can clime

The other girls couldn't be half as pretty
You look so sexy when you grab them
Ooh, oh, yes

Sugar, good Lord, you'd been blessed
If this is a sin I must confess
The way you dress is like birthless
I guess you don't mind been in undress

I like your way, it's going down
Hips are moving all around
Round and round, upside down
A once was lost but now I'm found

Sweetheart that you get me another round
Sweat in like you loosing pounds
Touch the ground, make a sounds
Sugar, ooh, sugar, you wear the crown
