Y'all let um know  
I'm the coldest MC Joe you dig

So cool, so cool  
I wanna move  
So cool, so cool

I was raise in city where the blood is cold  
Big hats Cadillacs and we love some gold  
Looking for something real something pretty to hold  
I'm king so I wrote livid imperial souls

I can tell you one them undercover video hoes  
The way you shake I might just give you a role  
Radios TV stole the soul  
Now these playa's in the game really don't know they  
role

So cool, so cool  
I wanna move  
So cool, so cool

You tryin' to look real sexy  
You wanna get some lovers  
You know your stomach's too big  
For you to be wearing them hip hugger

You need to work it out work it off juke it out  
And use your mind the way you use your mouth  
I'm from a stripper hustler with names like Chip and  
Buster  
Come to the crib with that bogus

Them boys will nip and tuck ya  
Are you a righteous brother  
Still I might just touch her, build her and destruct her  
Come with heat that'll burn like Usher

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool  
I wanna move  
So cool, so cool

Rockin' don't stop it now, uh  
Rockin' don't stop it now, uh  
Shock it don't stop it now, uh  
Shock it don't stop it now, uh  
You can keep freakin' now, uh  
You can do the freak girl

Rockin' don't stop it now, uh  
Rockin' don't stop it now, uh  
Shock it don't stop it now, uh  
Shock it don't stop it now, uh  
You can keep freakin' now, uh  
You can do the freak girl

Rockin' don't stop it now, uh  
Rockin' don't stop it now, uh  
Shock it don't stop it now, uh  
You just do the freak girl

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool  
I wanna move  
So cool, so cool

So cool, so cool
