[Vinia Mojica]

Singing in Spanish

[Common]

What what, we do this time

Rock rock....

Yes, let this music travel through you

Talk about feelings, yeah yo

Yo wassup world?

Yo what's happening?

It's the C-double-O and I'm back again

Take this back and then, tell a friend

Spaces and places you been, time travelin *echoes*

Time travelin *echoes*

Yo, I was a piano player in my last lifetime

Now I write rhymes, sip white wine and let my light
shine

Out the dark space, with the world on my mind like
Scarface

though my sex drive like a car chase

More than a uhh, it's the piece of mind I chase

Stakes are high, like my uncle is

We both got problems, he never confronted his

Under the bridge I wrote, some shit to stay afloat

And paint a picture, raw like the first coat

Send my old man a note to keep his phone on

My little cuz'll know cheap tricks are homegrown

Travel to a place sweeter than home, listenin to Nina
Simone

Repeat this psalm, to the sky I'm keepin my palms

Facin the east, actions macin the beast

Embracin the streets, my god caught a case cuz he
beat

His lady down, it's two-thou

That ain't the way we lay it down

Souls get, found and lost at the roads they cross

Many paid dues, but few knew the costs

I ran through the Moss like Randy

Touchindown wit God, close friends, and family

Recognize the voice in the wilderness

Com Sense, '92 and I'm still in this

Time travelin, took my time in hand
My rhyme learn and plan
Jealousy, money and pride can burn a man
Some walk but never learn to stand
Still, afraid to expand what they feel
I'm dealin wit, wakes, marriages
ATM's, Ericsson's
