Dead Alive!
Rat monkey bit into her arm,
Now she's dead but she's not gone
They put her in the cemetery, thought she was dead
and buried
Now they're dead, dead alive, you can't stop them, but
u can try
Now they're dead, dead alive, they'll just kill and
multiply
Lionel's mom ate Bakita's dog, dead and rotting still
alive
She got the nurse and then the priest,
Now she needs more flesh to feast
Now they're dead, dead alive, you can't stop them but
u can try
Now they're dead, dead alive, they'll just kill and
multiply
Surrounded by zombies, straps the mower on,
Guts and limbs are everywhere,
Blood splats on the wall, cuts them up one by one,
He wont stop until he's done
Wont stop until he's done...
Dead alive!
They're all fucking dead!
