I woke up earlier this morning  
I heard a voice inside my head  
It asked me which way I was going  
It told me life was a all a lie

I don't believe my life is hopeless  
I never knew my life could end  
Until the day that I was broken  
And now I'm looking for escape

I've been searching for truth  
Then I found you

I woke up earlier this morning  
To find my life had never lived  
It feels like it's all just a story  
One man with nothing left but death

I screamed into the sky above me  
I prayed but no one seemed to hear  
They said that you would always love me  
They said that you are the Truth
