(Right..., that's right)  
(That's right)  
(That's right)  
(That's right)  
(That's right, that's right)

Be near me, be near  
Be near me, be near

Ever had that feeling, almost broke in two  
Said that you were leaving, like you do, you do

All my dreams came true last night, all my hopes and  
fears  
All my dreams came true once more, in tears, in tears

Be near me, be near  
Be near me, be near  
Be near

Never had that feeling until I first met you  
Never felt like kneeling, now I do, yes I do

All my dreams came true last night, all my hopes and  
fears  
All my dreams came true once more, in tears, in tears

Be near me, be near  
Be near me, be near (Right)  
(That's right)  
(That's right)  
(That's right, that's right)  
(That's right)

The message is perfectly simple, the meaning is clear  
Don't ever stray too far and don't disappear  
No don't disappear

Be near me, be near (Right)  
Be near me, be near (That's right)  
Be near me, be near (That's right)

Be near me, be near (That's right)

(What's your reputation) Ecstasy

(What's your destination) Next to me (That's right)

(Repeat)

(What's your reputation) Ecstasy

(What's your destination) Next to me

What's your reputation

(Right, right, right, that's right)

(Right, right, right, right, right, that's right)
