Did you get lost? Didn't you know notice
The same way you got here my dear is the only way out
Do you need a friend? Would you like a warm fire?
Settle right down here my dear 'cause there's no need
to cryâ€¦ oh no
Don't be so startled my dear cause' your not going to
dieâ€¦
Not yet
The dreams aren't so bad here my dear if you just
close your eyes
"Close my eyes?"... "WHY?"

Did you stray from the path my friend, did you follow
the road
The road to ruin again, has fate forebode
Fantasy aint your luxury, This aint your game
Ecstasy and your company pride lost in the rain

Try or Die - you should know - it's the only way outta
here
Fight or Cry - it's quite a show - why don't you face your
fear
Try or Die - this is the way to go - it's the only way outta
here
Fight or Cry - it's nice n' warm below - why don't you
face your fear

It seems you lost your way again, maybe it's time to
give up
After all what's this journey worth when the going gets
rough
Have a seat we'll negotiate a way out for you
Just sign right here and I'll give you my word I see that
your through

"Come, Come right in my dear, welcome child"
"How was your trip?"
"OK"
"Psssst, I've got something for you"
"HUH?"
"Follow me, I'm sure you'll find it as a nice surprise"

"OH MY GOD...NO!"

"How about a little treat my dear"

"Ha Ha Ha Ha Ha Ha"
