Like kisses from ices
And tiffany tokens
Life's full of surprises
So many emotions
Why try to fix
What isn't broken
Life comes in sovereigns
Love comes in gold
A cargo of moments
You'd swear you could hold
But it slips away somehow
(where) nobody knows
* love is it's own reward
Love is it's own reward
Take it or leave it
Fake it or feel it
Love is it's own reward
Hoist the mainsail
To perilous waters
Step below deck
You'll find elegant quarters

Who's gonna save you

If you should falter

Watch the main phase

Sail through the century

Rise like a starman

And blaze on re-entry

What's there to life

Running on empty

(* repeat)

Walking down main street

With cupid and psyche

Whom should we meet

But sweet aphrodite

I fall to my knees

And praise the almighty

We never go hungry

We never get bored

We are the future

That can't be ignored

Love can rob you of your thunder

And that's more than you can afford

(* repeat)

Love is it's own reward

Love is it's own reward

Take it or leave it

Let me reveal it

Love is it's own reward
