Well you took me home  
And you took me back  
But deep down inside  
The feeling just died and i  
Couldn't see why  
From indigo to royal blue  
I travel far but no one will do  
Anytime, anyplace  
Every shape every face  
Brings memories of you  
Blue to be blue  
To be blue  
Ocean blue  
Blue to be blue  
To be blue  
Ocean blue - ocean blue  
Fair weather friends might drift away  
When summer ends and skies burn grey  
So I walk to the ocean  
Pilot these shores  
Just thinking of you

It's time we kissed the clouds goodbye

From now on it's strictly blue sky

Come rain and shine

The outlook is still fine

I'm thinking of you

Blue to be blue

To be blue

Ocean blue

Blue to be blue

To be blue

Ocean blue - ocean blue

Blue to be blue

To be blue

Ocean blue, ocean blue

Ocean blue, ocean blue

Ocean blue, ocean blue

Ocean blue, ocean ocean

Ocean, ocean

Blue to be blue

To be blue

Ocean blue

Blue to be blue

To be blue

Ocean blue - ocean blue

I stand at the head of the queue

There's mutiny's every crew

Wishin' and wonderin' 'bout you

Ocean blue
