Politicians preaching - on TV
Saying nothing but - vote for me
Everybody, everywhere
We got a love, got a love
Got a love we gotta share...
One better world
One better world
One better world
Papers feeding - lies each day
Are you believeing - what they say?
Pulpit preachers - selling God
Making big bucks - is that enough?
Everybody, everywhere
We got a love, got a love
Got a love we gotta share...
One better world
One better world
One better, better, better world
Someway - Somehow - Some place - Somewhere
Let the lion lie down with the lamb
Someway - Somehow - Some place - Somewhere
Don't use the colour of his skin to judge the man
Someway - Somehow - Some place - Somewhere
Does it matter if you're gay or if you're straight
Someway - Somehow - Some place - Somewhere
If it does you fill this world with hate
Underneath a flag
Love is just a name
But underneath the moon
We are all the same
Everybody, everywhere
We got a love, got a love
Got a love we gotta share...
One better world
One better world
One better, better, better world
