Elegant faces

Won't you stand aside

I'm only looking for the real ride

Now's not the time

To run away and hide

* I've got no time for fakers

Only the best will do

Looking through my eyes, baby

It's such a spectacular view

Now that these times are changing

Only the best will do

Pale imitations

Will fade away

People are talking

With nothing to say

I wouldn't let anyone

Talk to me that way

(* repeat)

You

** ain't that peculiar

Neptune's your ruler

Awake from your slumber

Give me your number

How candid the camera

That captures the best of you

Only the best will do

(* repeat)

Only the best will do

(repeat with following)

(** repeat)

Only the best will do
