Run to your room  
Prize apologies  
Crawl back in her womb  
Who's fantasies are these  
So I tried to love you  
So long, so real i tried to tell you  
Somewhat how I feel  
Shame!  
Chorus  
I can see just what you've done to me  
Half is he who holds hypocrisy  
Stand in my face, watch you disappear  
I can see just what you've left me here  
Crying to feel plain  
Screm to pass the time  
Prophecy in vain  
Who's standing by your crime  
So i tried to love you so long so real  
Now i have to tell you  
Shame is how I feel  
Shame!  
Chorus  
I look alive  
I'm aliveand i'm high, high  
I look alive  
I'm aliveand i'm high, high  
Shame!
