I would walk away from you

If that's what you wanted

But when you look for something new

You can be so disappointed

* it's funny how it used to be

Me for you and you for me

I wish I knew why people change

Suddenly

** will we ever be the same again

Stranger things have happened

Will we ever feel this way again

Whatever will be will be

We were learning to be human

But it doesn't take a degree

To know that what you're looking for

Is not always what you see

(* repeat)

(** repeat two times)

Eternally

Sha la, sha la la

Sha la, sha la la

Sha la, sha la la
