Take your best blow teacher  
On what's right to say  
Deal em real slow teacher  
So they forget to pray  
Let's pray  
Chorus  
Lets let get right down to the bone  
We can't get any deeper now  
Do we know how far we are from home  
Can't get any farther now  
Are we going to be alone with our friends  
I guessi see it now  
We all must sit here and wait till the end  
The end, the end, the end  
Make 'em like snow preacher  
See a brighter day not grey  
But where are we gonen go preacher  
When there is no way, no way  
Chorus
