Some men seek solace  
Some take to drink  
Some men find knowledge, yeah  
At least that's what they think  
Some take to violence  
Streamlining their dreams  
Some sit in silence  
And learn what love can mean  
Much further to go  
Much further to crawl  
But one day you'll find  
The greatest love of all  
The greatest love of all  
The greatest love of all  
The load is tough  
The path is long  
Strewn with rocks yeah  
But you'd be wrong, so wrong  
One single spark  
Can start a prairie fire  
When one man speaks truth  
He fills the world with pure desire  
Much further to go  
Much further to crawl  
But one day you'll find  
The greatest love of all  
The greatest love of all  
The greatest love of all  
One day united  
One day free  
You'll be rewarded  
The one true path is unity  
Fruit don't fall  
Too far from the tree  
One day we'll bathe  
In true humility  
Much further for truth  
Much further to fall  
I pray that you'll find  
The greatest love of all  
The greatest love of all

The greatest love of all
