Goodbye!

Every face in the street, everyone that I meet

I think it's you in disguise

I hear sweet angels sing, life's a radiant thing

I'm bewitched and tantalized, yeah

What's good about goodbye?

No one ever told me

What's good about goodbye?

Wish you could hold me

Nothing fair about fairwell

Nothing fair at all

What's good about goodbye?

Nothing at all

I'd be fooling myself, chasing anyone else

It's you that I prize

Why praise to heaven above, why praising God for
sweet love?

When it's you I idolize

(Chorus)

What's good, What's good

What's good about goodbye?

What's good, What's good

I feel bad about good goodbye

No truth in the rumour that parting is sweet

You lose your sense of humour, you feel incomplete

There's heaven in hello, hell in goodbye

Now that you're leaving, I'd rather die

(Chorus)

Goodbye...
