Discover the method
Some cannibalistic way
Ingest your opponent
Hoping to find your way

Give me something to live for, and I won't look back
Show me everyone's a lesson, then an act

Intend to be human
Turn out a whole new animal
You're better than better
Perfect in every sense of the word

Everyone in the world is just like you
But to you they're all motions to go through

Give me something to live for, and I won't look back
Show me everyone's a lesson, then an act

Forgive me I just don't get it
I'm sorry I still don't understand

Look yourself in the mirror, are you there?

Give me something to live for, and I won't look back
Show me everyone's a lesson, then an act
Look yourself in the mirror, are you there?
