I turn my laugh in two pull the ends apart  
are you seeing who you wanna see 'cause I  
feel caught in the middle.

I turn my life in two into the ends apart  
are you seeing who you wanna see, 'cause I,  
I feel caught in the middle.

I'm both the sinner and the gentlemen at heart  
I except that without questioning  
'cause I, I'm so sick of the real.

[Chorus:]

I'm caught between two lights  
and every second second second I'm awake  
I check the flash and so I won't forget my face  
and it's alright 'cause I will never never never let it  
change  
and it's coming crown that calms me walking separate  
ways.

It's been a while how I..both my lives,  
spend the little too much of my time in one  
and I'll damage the other  
I'll stay and try and let them judge em amongst their  
thoughts  
it's our..conception out the fall and I'll always recover.

[Chorus:]

I'm caught between two lights  
and every second second second I'm awake  
I check the flash and so I won't forget my face  
and it's alright 'cause I will never never never let it  
change  
and it's coming crown that calms me walking separate  
ways.

I'm caught between two lights.  
I'm caught between two lights  
But it's alright, it's alright

[Chorus:]

I'm caught musicjuzz between two lights  
and every second second second I'm awake  
I check the flash and so I won't forget my face  
and it's alright 'cause I will never never never let it  
change  
and it's coming crown that calms me walking separate  
ways.

Walking separate ways.

Oh oh oh, oh, oh oh oh

Walking separate ways.
