I'm the voice on the radio

Did you know I'm singing
To the thunder of your love
Did you ever stop and listen
To wonder what I'm thinking of

Every time that we're together
I want the night to last forever
I fill up with a desire
Till you put out the fire

I'm the voice on the radio, radio
And I'm singing just for you
I'm just the voice on the radio, radio
And you're the one I'm singing to

I'd like to tell you
You are the lightning in my life
But every time I try
The words don't come out right

So I'm singing for you only
All the nights when you are lonely
And I'm hoping that you hear me
'Cause I'm wishing you were near

I'm the voice on the radio, radio
I can fill your fantasy
I'm just the voice on the radio, radio
But you're the one who holds the key

I'm the voice on the radio
This is your favorite station

Ooh, ooh, yeah
And I'm singing just from you
I'm just the voice on the radio, radio
And you're the one I'm singing to

I'm the voice on the radio, radio
I can fill your fantasy

I'm just the voice on the radio, radio
But you're the one who holds the key

I'm just the voice on the radio, radio
Radio, radio
