This new neighborhood ain't no good  
Am I understood  
Something's wrong but there's nothing  
I can put mu finger on.

I wanna get back to blue. Wanna get back to blue.

An acquired tast your smilin' face  
But just don't get me wrong  
It just gives me the creeps  
When I hear you laughing in your sleep

I wanna get back to blue. Wanna get back to blue.

I wanna get back to the things  
We used to do.  
Think I'm going back again tonight.

Ain't it funny how it ain't funny at all.  
I think I'm going back again tonight.

I wanna get back to blue.  
Wanna get back to blue.
