Say you going to she'd that skin, oh yeah  
Will you stick with it man  
What I can't understand is  
Why have you started circlin'  
And did you feel like giving in  
Or will you stop at nothing?  
If I could just make it through tonight  
Looks like your stuck with it man  
What I can't understand is  
Why have you started circlin'  
And did you feel like giving in  
Or will you stop at nothing?  
Everybody, everybody's wrong but us  
Let's hope that stuff is strong enough  
Why have you started circlin'  
And did you feel like giving in  
Or will you stop at nothing?  
Why have you started circlin'  
And did you feel like giving in  
Or will you stop at nothing?  
Why have you started circlin'  
And did you feel like giving in  
Or will you stop at nothing?
