I want a word with you, 'bout some average Jimmy.
He told me things that I guess I never knew.
He was a bad dancer, 'til he learned to shimmy.
He was adrift until the world came into view.

He had an old stand-by. Not your average Betty.
She showed me things that I guess I always knew.
She was a slow burner, 'til the world got steady.
She wasn't found until the early afternoon.

Hey, get me out of this some way.
I wouldn't feel so inhibited.
Gotta get me out of this some way.
I want to see what it is thay see.

Chorus: Stone cold yesterday, changed, how did it
change me?
Don't it make you wonder, man?BR> Stone cold
yesterday, changed, how did it change me?
Don't it make you wonder, man??

Hey, get me out of this some way.
I wouldn't feel so inhibited.
Gotta get me out to this some way.
I want to see what it is e see.

(repeat chorus)

And I walked, and I breathed, and I tried to not let it
change me.
Don't it make you wonder, man?
Stone cold yesterday, changed, how did it change me?
Don't it make you wonder, man?
