I took the 4 year old boy by the arm  
Told him we would play nice games at my place  
Once the door was closed his nightmare started

I took a knife and planted it in his leg  
With another knife I made small wounds in his face  
I drank the blood that came out of it and chewed off his  
ear

His tongue I pulled out, his skin I scalped

Dead he lay on the floor, his pants full of shit  
I took a pot and cooked an ear, the lips ans skinparts  
Together with tomato juice and some herbs I ate it all  
Delicious... that boy was delicious...
