I sit here, Looking on, Towards this light, In your eyes  
Hypnotized, Memorized, Awkward silence, Was the  
sign

Stoned to death, Failed to please, Sinking in, Murder  
I'll die, In time, This time, I'll die

Save me from this nothing

Why, won't you let, go, I'm killing myself through my  
senses

Why, why won't you, let go, I'm killing myself through  
you

Why won't you try?

Don't let this sadness take you  
You've crossed this desert of shattered hopes  
If you die I'll have nothing, don't leave me alone  
I won't let you, drown in yourself

Please try. Move or you'll die, drown in lies. Why

Don't let this sadness take you.

They gave me a sign as I looked in their eyes. Their  
eyes

Call my name  
Your life's in my voice and I'll try. I'll try

The nothing can't stop me now  
Nothing can stop me now

Nothing can stop me now  
Nothing, nothing can stop me  
Nothing, he died in your eyes  
Nothing, nothing can stop me
