I can't stop.
Don't tell me to stop now.
I'm going.
I'm leaving for you.
Don't try to hold me back,
because nothing will stop me
I can't stop.
Don't tell me to stop now.
I'm going.
I'm leaving for you
Don't try to hold me back,
because nothing will stop me.

I'll be the one to break the mold and move on.
I'll be the one to break the mold and move on.

So come to me.
(I'll make you clean)
I'll make you clean 'cause I can see
(What you are going through)
what you're going through.
So come to me.
(I'll make you clean)
I'll make you clean 'cause I can see
(What you are going through)
what you're going through.
So come to...

I'm so sure this is where you want me.
I'm seeing the way that you do.
I need a sign right now because
I'm waiting for something.
I'm so sure this is where you want me.
I'm seeing the way that you do.
I need a sign right now because
I'm waiting for something.

I'll be the one to break the mold and move on.
I'll be the one to break the mold and move on.

So come to me.

(I'll make you clean)
I'll make you clean 'cause I can see
(What you are going through)
Wwhat you're going through.
So come to me
(I'll make you clean)
I'll make you clean 'cause I can see
(What you are going through)
what you're going through.
So come to...

We've come too far to lose all that you build.
It's all that we have.
It's all that we know.
We've come too far to lose all that you build
It's all that we have.
It's all that we know.

So come to me
I'll make you clean 'cause I can...
(I can see!)
(What you are going through)
What you're going through.
So come to me
(I'll make you clean)
I'll make you clean 'cause I can see
(What you are going through)
what you're going through.
So come to me,
I'll make you clean 'cause I can...
