You've sat alone and you have tried
I've laid awake at two at night
All these dreams were alive
Cause the trials that I once shared
But the strife that I can't hear so well
Now we must say goodbye

Through all these regrets
That I've held inside
That've been haunting me as life passes by

And god save me if you can't hear this prayer
God help me answer what wasn't there
Can anyone hear me, are you there?
Can you feel the sadness in the air?

Every thought I've held so dear
Every time I felt so near
Something grabs me away from here
As my convictions seem to lay
Another reason that you fear
Close my eyes and wish away

Through all these regrets
That I've held inside
That've been haunting me as life passes by
And the times we feel alive
Just seem to be a lie
I'd like to think there is another side

And god save me if you can't hear this prayer (can you
hear this prayer?)
God help me answer what wasn't there (no the answer
wasn't there)
Can anyone hear me, are you there? (Is anybody
there?)
Can you feel the sadness in the air? (Can you feel the
sadness in the air?)

And god save me if you can't hear this prayer (can you
hear this prayer?)
God help me answer what wasn't there (no the answer

wasn't there)

Can anyone hear me, are you there? (Is anybody there?)

Can you feel the sadness in the air? (Can you feel the sadness in the air?)
