That dream is fuckin dream  
The foppish life is empty dream  
The grand world is idealistic  
The only lookin is the recollection  
You buy old clothes a bad purchase  
A big car is beyond my means  
You live in all fucking lies  
But are you feeling humiliated?

I never be  
I never get  
I never be  
In the same way

The big car and the big breast  
You're dying to like the big one  
All bluff and all bluff is in your life  
He knows how to get on in the world  
Your old fashion is the only style  
This is more than I can bear  
You live in all fuckin lies  
But are you feeling humiliated?
