First time I saw you, I failed to see  
The lies & deceptions you promised to me.  
I thought it nothing, but soon I learnt.  
The more you trust someone, the more you'll get burnt.

What happened to being a friend,  
Understanding... right there by my side.

You told me that I'm different  
Isn't that what makes us so alike?  
Who are you to tell me how to be?

I can't go on pretending that it's ok, I'm sorry.  
I am what I am not what you want me to be.

Last time I saw you I saw right through  
All of the bullshit that, that comes with you.
