"Sleep"

I know
It's late
I shouldn't call at this hour
But it's
My fate
I need lips to devour

My nervous system is shot alright
I won't sleep unless you

Sleep with me tonight
Deep with me tonight..

I know
It's late
We've known each other awhile
I
Can't wait
To see your twisted smile

Kindred spirit of candle light
I won't sleep unless you

Sleep with me tonight
Deep with me tonight..

In my thoughts
See with my sight
I'm so tired
But I fight
Sleep with me tonight..

Sleep with me tonight..

Drown out the machinery in my head
Bring your peace of mind
To my bed

Without sleep, there are no dreams
Without dreams
We fall apart at the seams..

Kindred spirit of candle light
I won't sleep unless you

Sleep with me tonight
Deep with me tonight..

In my thoughts
See with my sight
I'm so tired
But I fight
Sleep with me tonight..

Sleep with me tonight..
