It just ain't fair, this thing called loving  
When one step there and the other feels nothing  
I would have done anything for you  
I still love you, baby I adore you

All day I keep from falling apart  
But at night when the sky gets dark

Tears from the moon  
Fall down like rain  
I reach for you  
I reach in vain

Couldn't sleep so I went out walking  
Thinking about you and hearing us talking  
And all the things I should have said  
Echo now, inside my head

All day I keep from falling apart  
But at night when the sky gets dark

Tears from the moon  
Fall down like rain  
I reach for you  
I reach in vain

Tears from the moon

It ain't just fair, this thing called loving

I would have done anything for you  
I still love you, baby I adore you
