Ooh, yeah, yeah, yeah, yeah, yeah  
Oh, baby

I remember when we had to keep it on the low  
Flew you everywhere so nobody would know  
And I remember when we got stuck in the storm one  
night  
(Remember that)  
Pulled over hopped out had a snowball fight

I remember havin' so much fun  
Like fuckin' on the beach waitin' for the sun  
I understand when they say love hurts  
So let's get it like we had it and make this love work,  
Mario

Yeah, oh, I remember when we started this star  
Hey girl, you know that we belong together  
So glad admit to mine forever  
And love no matter what you'll never give it up

We used to shit like catch a flick  
Sit back in the Roll hug and kiss  
We used to pillow fight always makin' a mess  
Everything's so right never feeling stress

We used to walk the mall shop all day  
We used to watch movies at the crib all day  
We used to talk it out instead of throwin' things  
We used to pass Jacob's to steam the rings

Bumpin' Brandy on repeat it's revealed to me  
You my angel in disguise and it's real to me  
Now it's clear to see it's on destiny  
So let's get this back how it's suppose to be, my love

Yeah, oh, I remember when we started this star  
Hey girl, you know that we belong together  
So glad admit to mine forever  
And love no matter what you'll never give it up  
Baby, I know we can make it happen  
First let's get it back to where it started, baby

I thought you said I had a special place in your heart  
I thought nothin' in the world would tear us apart  
You always said you understood what I did  
I told you from the start I had to handle my biz

I can't believe you wanna act this way  
After all we've been through, you wanna throw it away  
See I'm forever yours, I gotta make it happen  
And I just wanna get it back to where we had it, I love  
you

Yeah, oh, I remember when we started this star  
Hey girl, you know that we belong together  
So glad admit to mine forever  
And love no matter what you'll never give it up
