Wait a minute now, get it get it now {*3X*}

Now, now, now, now..

Ahh-ah-uh-uhh, yeah

It's the Cons' nigga, uhh

Ahh-ah-uh-uhh, yeah

It's E-P-C nigga, word

And you know how we do, uhh

Yeah - about this time, uhh

Let me introduce to you

Uh uh-uh uh-uh uh-uh

Check one, check two, check - three

That's about as many checks as they have for me

So I made shorty go and shake her ass for me

Now she wonder why, I be takin half her fee

And she lookin like, is this how it has to be?

So I guess that I replied with the mack in me

And told her 'less you wanna see a, catastrophe

You better get up on that pole where that cash'll be

And we can make 'em spend the dough and hit the
cash machine

It's no different than the old when you catchin fiends

Or the dollar cat you rolled when you stepped through

Queens

So I made her change her clothes for the next two
scenes

Now she "Dancing With the Stars" like Master P

And I almost had to shoot her like Cassidy

Cause do you know that she had the audacity

To let the next man take what's in her tassle piece, but
now

[Chorus]

Your girl, your girl keep callin me

Your girl, your girl keep callin me

That's cause your girl, your girl keep callin me

And she better have my money

Cause your girl, your girl keep callin me

Your girl, your girl keep callin me

That's cause your girl, your girl keep callin me

And she better have my money

[Interlude]

Wait a minute now, get it get it now {*3X*}

I guess I'm here to tell you how the party got set off

Grindin on the wall and I had to wipe the sweat off

Next thing you know a couple guns got let off

Everybody buggin and the getaway sped off

They said it was a Blood so they took all they red off

But all the fellas at the dice game called they bet off

Cause like a basketball team that gets to cut the net off

Niggaz that's fiendin that's exactly what they set off

'Til they found out that they names got read off

Cause the police had to take Hempstead off

Didn't matter though cause the lawyers got Ted off

With too much evidence, couldn't get Fred off

And once he found, that his girl sucked Ed off

He-a told Ted to tell Ed to take his head off

But that ain't matter to him, cause he was gettin bread
off

Pumpin out her crib until the other called dread off

And once he came by and saw the sheets from her bed
off

That's when he realized she had also hit the dread off

To Ted, the dread, Ed, and Fred

All looked at each other in astonishment and said

[Chorus]

[Interlude] - 2X

[Chorus]
