Our time has come age of the hammerhead
This is our mission to be the darlings of god
Too late for silence too late for anything
It's all too much for me it's roots go down to deep for
me
Our punishing fire an animal frenzy
These hammerhead people they know what dange is
for
You let them in and now there everywhere
If it's mineral or vegetable it's back a little up a little

[chorus]

Shot push hammerheads bold and resolute
Marching balancing in too far to go back
Yes yes hammerheads swimming kissing
We are big and clever and we don't know anything

Purification by emersion in our filthy demon seed
We know the only things you like are paranoid sex and
childish greed
Our own worst enemies they hold us to our word
Look at the beast inside us gonna get us this time but
good
Whether we pull it out or push it in it all ends up the
same
You know a hammerhead is a hammerhead by any
other name

[chorus]

Onwards hammerhead bright and dangerous
Jumping running in the filed and factory
God save hammerheads keeping going
We are sleek and special and we're sure of something

Blessed are the airmen
Blessed are the shit kickers
Blessed are the jackhammers
Blessed is the big damage
Blessed are the faith healers
Blessed are the moon wlakers

Blessed are the snake people
Blessed are the heat seekers

[repeat over and overlay chorus
