"Slow down baby... slow down, hey baby..."

For a while, I've been missing you for a mile
Hey babe, for a while, I've been missing you for a mile

Won't you hold me close to the corner store
Rush to get ya, by the time I reach the door
They tell me you called to the dress shop baby
Can't seem to catch up to you, but I sure won't stop
Cause I need you my heart says
I just won't have it no other way
Cause you're the one for me (eeeeeeaaah)

For a while, I've been missing you for a mile (staaaay
with me baby)
For a while, I've been missing you for a mile (yeah
yeah)

Passing your favourite restaurant and saw you there
By the time I look around, yooooou just disappeared
Can't get close to yoooouu no matter how hard i
tryyyyy
I'm always behind ya for just about a mile
I can hear, hear my heart saaaaaay
that I just won't have it no other way
Cause you're the one for me, oh the one for me yeah

Foooooor a while, baby, I've been missing you for a
mile (staaaaay with me baby)
For a while, I've been missing you for a mile
I can hear, hear my heart say
that I just won't have it no other way
Cause you're the one for me, one for me no matter...

Foooooor a while, baby, I've been missing you for a mile
(staaaay with me baby)
For a while, I've been missing you for a mile (iiiiiii)
For a while, I've been missing you for a mile (don't go)"
