Wheels cowered with flesh and blood of helpless  
profiles  
tattooed hellwalkers  
No proposals, premature settlement will evertromp  
hated  
life  
High speed machines searching for a total isolation  
Adorned in second world war uniforms they leave  
behind a  
trace of misery  
With long hair, streaming through fires, they  
possessed  
the so called ultimate position  
Empower the hooligan  
Adorned in second world war uniforms they leave  
behind a  
trace of misery  
No proposals, premature settlement will overtromp  
hated  
life
