You make me crazy, I cannot lie
You make me wish I was somewhere else sometimes
You tease me, tell me why?
Why do you make me feel so alive?

When all is said and done
You are the moon and sun
My world is darker when you're gone
So baby shine, shine on

All my life, all my life
I've been waiting for a girl like you
Say all my life, all my life
I've been waiting for a girl
Waiting for a girl like you

How could I leave this paradise?
The sun burns, but the ocean looks so nice
I need you, tell me why?
Why am I so intoxicated by you?

When all is said and done
You are the moon and sun
My world is darker when you're gone
So baby shine, shine on

All my life, all my life
I've been waiting for a girl like you
Say all my life, all my life
I've been waiting for a girl
Waiting for a girl like you

When all is said and done
You are the moon and sun
My world is darker when you're gone
So baby shine, shine on

All my life, all my life
I've been waiting for a girl like you
Say all my life, all my life
I've been waiting for a girl
Waiting for a girl like you

All my life, all my life
I've been waiting for a girl like you
Say all my life, all my life
I've been waiting for a girl
Waiting for a girl like you
