Oh I'm sleeping
And right in a middle of a good dream
Like all at once I wake up
From something that keeps knocking out my brain
Before I go insane, I hold my pillow to my head
And spring up in my bed, screaming out the words I
dread
I think I love you

I think I love you
But what am I so afraid of?
I'm afraid that I'm not sure of a love there is no cure for
I think I love you
Isn't that what life is made of?
Though it worries me to say that I never felt this way

I don't know what I'm up against
I don't know what it's all about
I got so much to think about
Hey, hey, hey

I think I love you
But what am I so afraid of?
I'm afraid that I'm not sure of a love there is no cure for
I think I love you, isn't that what life is made of?
So it worries me to say, that I never felt this way
I think I love you
I think I love you
I think I love you
I think I love you
