I Thought It Was Something  
When you looked at me  
And said let's waste sometime  
And I tell you one thing  
In your back eyes babe  
Same blue I'm sure to find.

So I dropped a dime got an empty line  
So I'll call back again another time  
You'll pick up and change my luck  
Go right from wrong  
To everything's just fine.

I Thought It Was Something.

Did it mean nothing  
When I left a dozen flowers at your door  
Babe are they blooming  
'Cause I they're not I'll send a dozen more  
I shut my mouth swallowed all doubt  
We've got so much more to talk about  
Like meeting dad and pad  
So let me in girl  
Why'd you lock me out.

I Thought It Was Something.

I can't think of anyone else  
I can't live all be myself  
Am I just a notch in your belt  
What is it I'm missing.

I Thought It Was Something.

I dropped a dime got an empty line  
I'll call back again another time  
You'll pick up and change my luck  
Go right from wrong  
To everything's just fine.

I Thought It Was Something.

I Though It Was Something.

Something.
