Every time I see you I'm exalted
I want to write you letters everyday
That double rainbow
Ain't got nothing on you
You done my head in but I feel okay.

Everytime I think about you
Several Thousand times a day
I can feel this pull like a river
towards the ocean
Tell me do you feel this way.

I got myself caught in a situation
I tired to lock myself inside my room
That only made it sink in that much deeper
It only made me want to be with you.

Everytime I think about you
Several Thousand times a day
I can feel this pull like a river
towards the ocean
Tell me do you feel this way.

You could say I'm not playing fair at all
I won't even try to argue that away
'Cause where you're concerned
My control has failed me
What more do I have to say

Everytime I think about you
Several Thousand times a day
I can feel this pull like a river
Towards the ocean
What more do I have to say

When everytime I think about you
Several Thousand times a day
I can feel this pull like a river
Towards the ocean
Tell me that you feel the same.
