Sister, Sister has it come to this  
Are we strangers to each other now  
Sister tell me what the problem is  
And I'll try to make it right somehow.

You're the one that used to  
Keep us all together  
Now you feel that it is gone forever.

Help me see I've got you right by my side  
Sister of mine  
And when you look to me  
You'll see you won't be denied  
I'll make it right this time.

Sister, Sister don't avert your eyes  
Don't pretend the tears aren't gonna fall  
Sister why you acting so surprised  
Don't you believe in me at all.

I know why you'd be expecting  
Disappointment  
But I'm here today to right these wrongs.

Help me see I've got you right by my side  
Sister of mine  
And when you look to me  
You'll see you won't be denied  
I'll make it right this time.

Trust in me that things  
Will work out fine  
Sister.

Help me see I've got you right by my side  
Sister of mine  
And when you look to me  
You'll see you won't be denied  
Trust in me that things  
Will work out fine  
Sister of mine

Sister.
