Fuck me  
I'm lucky and enough selfish  
And use just anything you can take  
Eat and chew till you feel sick  
I'm sorry I forgot my mistake

No space for emotional face  
No time to look for my grace  
Tonight I leave you all the best  
Tomorrow I give you the rest

Take me now if you can  
Take me now dare me  
Take me now if you can  
Dare me my man

All the girls get together and rule  
All the girls get together and rule  
All the girls get together and rule

Revolution has come  
Revolution is you  
Revolution is me  
Get together and scream

All the girls get together and rule  
All the girls get together and rule  
All the girls get together and rule

Revolution has come  
Revolution is you  
Revolution is me  
Get together get together  
All the girls get together and rule

You can fuck me  
You can fuck me  
You can cut me  
But you can't rule me  
Revolution is you  
Get together in peace
