I thought you were so beautiful
But I was so wrong and too pure
I thought you were so beautiful
But I was so wrong and too pure

But I know, I know
We'd better be in silence, silence
I know, I know
We'd better be in silence, silence

I must fall asleep
Fall asleep in your arms
I just wanna dream till the end of sin
I just wanna dream till the end of sin
I must fall asleep
Fall in silence
Silence
Silence
Fall in silence

I thought you were so beautiful
But I was so wrong and too pure

But I know, I know
We'd better be in silence, silence
I must fall asleep
Fall asleep in your arms
I just wanna dream till the end of sin
I just wanna dream till the end of sin
I must fall asleep
Fall in silence
Silence
