Tricky:

If I came into your life
If I come to my life
The life was strange
We remain the same
Set the pain, share the strain
252 stuck in the game
Girls that I smack, it's for my babe
Stuck in my life, stuck in my wife
Stuck in the scratch, she says she's dead
Waiting for God is very hard

Costanza & Tricky:

I wait for God and it's very hard
(I wait for God)
I am the lamb I don't understand
(Don't understand)
I drink your blood and I'm still thirsty
I wait for God and it's very hard

Costanza:

I'm stuck in the church
Stuck in the verse
Stuck in the words
Stuck in my nerves
Stuck in the wrong
Stuck all along
Stuck in the bars
Stuck in the cars
Stuck in the time
Stuck in this line

I'm doing fine
I'm doing mine
I'm reading signs
We're killing time
I'm stuck in the time
Stuck in this line

Costanza & Tricky:

I wait for God and it's very hard

(I wait for God)
I am the lamb I don't understand
(Don't understand)
I drink your blood and I'm still thirsty
(Still... thirsty)
I wait for God and it's very hard

Tricky:
I wait for God I wait for Christ
I wait for wife
I wait for life
Tomorrow come
We feel the sun
Tomorrow come
We feel as one
The only God
The only son
Holy from the only one

Costanza:
We're on our own now we're fully grown
I'm all alone when I roam

Costanza & Tricky:
I wait for God and it's very hard
(I wait for God)
I am the lamb I don't understand
(Don't understand)
I drink your blood and I'm still thirsty
(Still...)
I wait for God and it's very hard
(Repeated)
